 advaith-cheerla

### SKILLS SUMMARY

Ideating Game Concepts

Game Mechanics

Documentation Writing

Unity Engine

Communication

Agile Workflow

### PERSONAL PROFILE

I have been playing video games for as long as I can remember, giving me the ability to deduce the source of fun in a sea of mechanics. In the past year my skills with Unity have improved considerably, enabling me to create small games in a short time. I am looking for an internship as a Game, Level or Systems Designer.

### WORK EXPERIENCE

#### Game Designer

CrazyLabs | June 2021 - March 2022

- Ideating Hyper-Casual Game Concepts.
- Researching and Identifying Market Trends.
